

## LADIES SHOE REPAIR

Ladies' Heel may be made of rubber, leather, or other material, serving as the thin layer that touches the ground and goes under the heel of the foot.

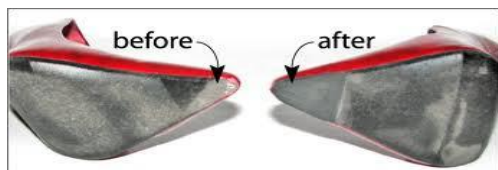

**\$21.50 Pair**

**Ladies Dowel heels**

**\$24 pair (Medium Size)  
\$30 pair (Large Size)**

**Ladies Reg Top-lifts**

**\$35 Pair**

**Top Pieces**

Toe Pieces is an alternative to replacing the entire sole. A small portion of the front of the sole is replaced with the same material as the original sole.

**\$45 Pair**

**Sole Guards**

Sole Guards/Protective Soles are thin, high quality rubber soles that go on top of an existing sole. Protective soles provide much better traction and greater longevity for the bottom of the shoe.

## Christian Louboutin

**\$75 Pair**

### Red Sole Guards

Red sole Guards/Protective soles. Thickness – 1mm or 1.8mm

**\$65 Pair**

### Half Soles

Half Soles are made of leather or rubber, most often used as replacements for the original bottom of a ladies shoe. The bottom portion goes from the shank of the shoe to the toes, sparing the back portion of the sole that extends to the heel.

## MENS SHOE REPAIR

**\$45 Pair**

### Rubber Heels

Rubber Heels come in various sizes and shapes, known to be longer lasting and less expensive than combination or leather heels.

**\$55 Pair**

### Combination Heel

Combination Heel is a top-lift that is made of leather in combination with a rubber back. The rubber on the back of the heel provides better traction and wear.

**\$55 Pair**

### Loafer Heels

Loafer heels (3/4" height), Whole heels (7/8" height). Replaces heel base and heel tap

**\$45 Pair**

### Sole Guard

Sole Guard or Protective Sole is a rubber layer placed on top of an existing men's sole. This provides better traction and longer wear.

**½ Leather \$69**

**½ Leather & Heels \$95**
