Ladies reg toplifts

\$25 pair (Medium Size)

\$30 pair (large size)

Toe Pieces is an alternative to replacing the entire sole. A small portion of the front of the sole is replaced with the same material as the original sole.

\$35 Pair

Sole Guards/Protective Soles are thin, high quality rubber soles that go on top of an existing sole. Protective soles provide much better traction and greater longevity for the bottom of the shoe.

\$50 pair

Casali Mirror soles

For Christian Louboutin

Red sole Guards/Protective soles. Thickness – 1mm or 1.8mm
Colors: Black, Red, Chocolate, Nude, Rose and Silver.

\$75 pair

Half Soles are made of leather or rubber, most often used as replacements for the original bottom of a ladies shoe. The bottom portion goes from the shank of the shoe to the toes, sparing the back portion of the sole that extends to the heel. **Half soles \$95 pair**

MENS SHOE REPAIR

Rubber Heels come in various sizes and shapes, known to be longer lasting and less expensive than combination or leather heels.

\$50 pair

Combination Heel is a top-lift that is made of leather in combination with a rubber back. The rubber on the back of the heel provides better traction and wear.

\$50 pair

Sole Guard or Protective Sole is a rubber layer placed on top of an existing men's sole. This provides better traction and longer wear.

\$65 pair Sole protector & heel combo \$95 pair

Half Soles, house leather or rubber, extend from the shank of the shoe through the toe and involves the replacement of the soles in that area.

½ Leather \$75

½ Leather & Heels \$100

Full Soles & Heels is the replacement of the entire bottom of shoes, heels replaced also.

House leather: Full Leather & Heels \$145
